

CENTER FOR PUBLIC HEALTH CELEBRATES SCIENCE DAY

Centre for Public Health celebrated Science Day on dated 28 February, 2018. Students of Centre for Public Health, Panjab University (PU), Chandigarh celebrated 'Science Day' by organizing awareness campaign followed by health check up camp for mess canteen worker and cleaners of Girls Hostel No 08, Panjab University (PU), Chandigarh.

M.PH student Dr. Neha delivered a talk covering issues of personal hygiene, cleanliness and best practices that should be followed by mess canteen worker and cleaners of the hostel. Dr Naveen Kumar gave demonstration on hand-washing technique and brushing techniques. Dr Gunveen also suggested best practices to maintain hygiene in kitchen area. Dr Ajay Attri and Dr Sanjay motivated the workers to say no to tobacco and gutka and also suggested ways how to avoid skin related problem. Dr Manor Kumar emphasized on need to keep the kitchen and serving area neat and clean. Dr. Suman Mor, Coordinator, Centre for Public Health apprised that the aim of this health camp was an attempt to reach to those worker who are serving our student community. In the interest of student welfare it is equally important that attention should be paid for their health. Dr. Anupam, Warden, Girls Hostel 08, PU appreciated the effort taken by Centre for Public Health and shared that over thirty workers including Mess/Canteen workers and cleaners participated and got their health check up done and benefitted by this camp.
