

Fire Protection and Mock Drill

The seminar "Fire: Protection and Mock Drill" was held for bringing about awareness in BMS Blocks I and II on the 24th April, 2018. Mr. M.L. Sharma, Fire Officer, Sector 17, Chandigarh, very kindly consented to deliver a talk. He emphasized on

"Fire Prevention is better than cure

Life is too valuable to be lost. Save it Prevent Fire"

He enlightened the staff and students about the various types of fires and how they have to be handled. The classification of buildings and the fire fighting equipments were also discussed. His talk left the audience with the determination of never turning our back towards fire. The talk was followed by the demonstration of the use of a fire extinguisher. He praised the efforts of the authorities in installing fire alarms, signages, water hoses connected to overhead tanks, etc in the building. He explained the uses, maintenance, upkeep and care of fire equipments.
